

Connect: How to browse Australian Curriculum to find a Learning Resource

The Australian Curriculum is now available in Connect for teachers to easily browse and discover Learning Resources. The Australian Curriculum is a way for teachers to find Learning Resources relevant to specific elements of the Curriculum and suitable for students in selected year levels.

The Australian Curriculum can be found in the Resources tab.

To browse the Australian Curriculum, first select a Learning Area.

The Australian Curriculum can be found in the Resources tab.

Select the year you want to view from these tabs.

At anytime you can run a keyword search using the Search Bar.

View Year Level descriptions

The screenshot shows the 'connect' website interface. At the top left is the 'connect' logo. Below it is a search bar with a 'Search' button. To the left of the search bar is a 'Science' dropdown menu. Below the search bar is a row of year tabs: F, 1, 2, 3, 4, 5, 6, 7, 8, 9, 10. The 'Year 7' tab is selected. Below the year tabs are three main content panels: 'Science Understanding', 'Science as a Human Endeavour', and 'Science Inquiry Skills'. Each panel has a 'Matching Resources' link and a 'View Elaboration' link. On the left side of the interface, there are two filter sections: 'General Capabilities' and 'Cross-curriculum Priorities'. The 'General Capabilities' section includes checkboxes for Literacy, Numeracy, Information and communication technology capability, Critical and creative thinking, Ethical behaviour, Personal and social capability, and Intercultural understanding. The 'Cross-curriculum Priorities' section includes checkboxes for Aboriginal and Torres Strait Islander histories and cultures, Asia and Australia's engagement with Asia, and Sustainability.

Use these filters to target specific Capabilities and Priorities.

Click here to view the Elaborations.

Click here to expand the Sub-strand and view the content descriptors.

View a range of related Learning resources through the 'Matching Resources' link.
